

Javier Marenco

Business School, Universidad Torcuato Di Tella
Av. Figueroa Alcorta 7350 (C1428BCW) Ciudad de Buenos Aires, Argentina
javier.marenco@utdt.edu

A. Education

- Ph.D. in Computer Science (*Doctor de la Universidad de Buenos Aires, área Computación*). School of Sciences, University of Buenos Aires, Argentina (March 2005). Advisors: Dr. Martin Grötschel and Dr. Annegret Wagler.
 - M.Sc. in Computer Science (*Licenciado en Ciencias de la Computación*). School of Sciences, University of Buenos Aires, Argentina (December 1999).
 - B.Sc. in Computer Science (*Analista Universitario de Computación*). School of Sciences, University of Buenos Aires, Argentina (August 1998).
-

B. Academic appointments

- Associate professor, Business School, Universidad Torcuato Di Tella, Argentina (2023–).
 - Adjunct professor, Computer Science Department, School of Sciences, University of Buenos Aires, Argentina (2010–2023).
 - Adjunct professor, Sciences Institute, National University of General Sarmiento, Argentina (2006–2023).
 - Teaching assistant, Computer Science Department, School of Sciences, University of Buenos Aires, Argentina (1997–2009).
 - Teaching assistant, Sciences Institute, National University of General Sarmiento, Argentina (2000–2005).
-

C. Research

- **Research interests:** integer programming, polyhedral combinatorics, applications of operations research.

C.1. Published and accepted papers

1. Koch I. and Marenco J., *A hybrid heuristic for the rectilinear picture compression problem.* 4OR (en prensa).
2. Braga M. and Marenco J., *Facet-generating procedures for the maximum-impact coloring polytope.* Discrete Applied Mathematics 323 (2022) 96–112.
3. Koch I. and Marenco J., *The maximum 2D subarray polytope: facet-inducing inequalities and polyhedral computations.* Discrete Applied Mathematics 323 (2022) 286–301.
4. Aliaga F., Delle Donne D., Durán G., and Marenco J., *Drainage area maximization in unconventional hydrocarbon fields with integer linear programming techniques.* Annals of Operations Research 316 (2022) 891–904.
5. Durán G., Guajardo M., Gutiérrez F., Marenco J., Sauré D., and Zamorano G., *Scheduling the main professional football league of Argentina.* INFORMS Journal on Applied Analytics 51-5 (2021) 361–372.
6. Durán G., Guajardo M., López A., Marenco J., and Zamorano G., *Scheduling multiple sports leagues with travel distance fairness: An application to Argentinean youth football.* INFORMS Journal on Applied Analytics 51-2 (2021) 91–165.

8. *QuadMinds Technologies S.A.* Design and implementation of algorithms for routing vehicles with rollon/rolloff trailers (2015).
9. *Asociación de Clubes de Básquet*. Design of the fixture for the first and second division Argentine Professional Basketball Leagues with constraint programming techniques (2014–).
10. *QuadMinds Technologies S.A.* Development of an optimization module for solving large-scale vehicle routing problems with additional constraints (2011–).
11. *Impronta IT S.A.* Development of a software tool for routing equipment through difficult-access terrains (2011).
12. *Impronta IT S.A.* Development of a software tool based on integer programming techniques for the drainage area maximization problem in unconventional hydrocarbon fields (2011).
13. *Buenos Aires Province*. Design and implementation of integer-programming-based procedures for dwelling segmentation for the 2010 Argentinian Census (2010).
14. *Multiexport Foods S.A. (Chile)*. Design of a software tool for planning maintenance activities (2009–2010).
15. *Buenos Aires City*. Optimization of the design and assignment of a combinatorial auction for the procurement of Internet connection to the city schools (2009).

16. *Skretting – Comercializadora Nutreco Chile Ltda. (Chile)*. Development of a software tool for ship routing (2008–2009).
 17. *Multiexport Foods S.A. (Chile)*. Development of a software tool for planning salmon seeding and harvesting activities (2008).
 18. *Buenos Aires City Government*. Optimization of waste collection via integer programming techniques (2007).
 19. *Asociación de Clubes Liga Argentina de Voleibol (ACLAV)*. Design of the fixture for the Argentine Professional Volleyball League with integer programming techniques (2007–2020).
 20. *Tyssa S.A. (Grupo Telefónica)*. Implementation of simulation algorithms for a call center (2000).
-

E. Advisorships

- Advisor of four finished Ph.D. theses, and co-advisor of two finished Ph.D. theses. Advisor of three Ph.D. theses to be defended in 2022 and 2023.
 - Advisor or co-advisor of 24 completed M.Sc. theses.
 - Advisor of two doctoral fellowships and two post-doctoral fellowships (CONICET, Argentina).
-

F. Funding

1. STIC-AmSud International Project: *Solving the routing and spectrum assignment problem* (2022–2023). General coordinator. 22STIC-08.
2. ANPCyT PICT Project: *Combinatoria poliedral: propiedades, algoritmos y aplicaciones* (2019–2022). Researcher within the coordinating group. PICT 2018-04209.
3. CONICET PIP Project: *Optimización combinatoria, grafos, redes y competencia: problemas metodológicos y aplicaciones al mundo real* (2014–2016). Researcher. PIP 1122012 0100450CO.
4. STIC-AmSud International Project: *Solving Combinatorial Optimization problems with Stable Sets Constraints* (2013–2014). Coordinator of the Argentine group. 13STIC-05.

6. ANPCyT PICT Project: *Optimización combinatoria y grafos: teoría y aplicaciones para la búsqueda en Internet* (2012–2014). Researcher. ANPCyT PICT-2009-0119.

7. ANPCyT PICTO Project: *Matemática aplicada* (2011–2012). Researcher. ANPCyT PICTO-2008-00089.
 8. ANPCyT PICT Project: *Problemas teóricos y aplicaciones en grafos y optimización combinatoria* (2009–2012). Researcher within the coordinating group. ANPCyT PICT-2007-00518.
 9. ANPCyT PICT Project: *Métodos numéricos para ecuaciones diferenciales y aplicaciones* (2009–2012). Researcher within the coordinating group. ANPCyT PICT-2007-00910.
 10. UBACyT Project: *Grafos y optimización combinatoria: teoría y aplicaciones* (2008–2011). Researcher. UBACyT X069.
 11. PROSUL/CNPq International Project: *Otimização discreta e grafos: teoria, algoritmos e aplicações* (2005–2007). Researcher. PROSUL Proc. 490333/2004-4.
 12. UBACyT Project: *Modelos y técnicas para problemas de optimización combinatoria* (2004–2007). Researcher. UBACyT X212.
 13. UBACyT Project: *Modelos y técnicas para problemas de optimización combinatoria* (2001–2003). Student. UBACyT X036.
 14. CONICET PID Project: *Modelos y técnicas para problemas de optimización combinatoria* (2001–2004). Student. CONICET PID 644/98.
 15. ANPCyT PICT Project: *Modelos y técnicas para problemas de optimización combinatoria* (2002–2006). Student. ANPCyT PICT 11-09112.
-

G. Professional activities

G.1. Editorial activities

1. Section Editor of IFORS News, the quarterly newsletter of the International Federation of Operational Research Societies (2019–).
2. Co-editor of the feature cluster in the “European Journal of Operational Research” devoted to the Joint ALIO/EURO International Conference 2021-2022 on Applied Combinatorial Optimization (2022–).
3. Program committee member of the 2012, 2013, 2019, 2020, and 2022 editions of the Conferencia Latinoamericana de Informática (CLEI).
4. Program committee member of the XIII Latin American Theoretical Informatics Symposium (LATIN 2018).
5. Program committee member of the 2009, 2011, 2012, 2013, 2015, and 2018 editions of the Simpósio Brasileiro de Pesquisa Operacional (SOBRAPO).

6. Program committee member of the 2015 and 2017 editions of the Latin-American Algorithms, Graphs, and Optimization Symposium (LAGOS).
7. Program committee member of the 2013 and 2016 editions of the Triennial Symposium on Transportation Analysis (TRISTAN).
8. Program committee member of the Simposio de Investigación Operativa 2015 (SIO 2015).
9. Co-editor of the special issue of “Discrete Applied Mathematics” devoted to the VI Latin-American Algorithms, Graphs, and Optimization Symposium (2011–2012).
10. Co-chair of the VI Latin-American Algorithms, Graphs, and Optimization Symposium (LAGOS) program committee (2011).

G.2. Organization of conferences, symposia, and sessions

- *XXI Latin Ibero-American Conference on Operations Research* (CLAIO 2022). Buenos Aires, Argentina (December 2022). Co-chair.
- *Joint ALIO/EURO International Conference 2021-2022 on Applied Combinatorial Optimization*. Viña del Mar, Chile (April 2022). ALIO co-chair.
- Session *Investigación operativa* within the VIII Congreso de Matemática Aplicada, Computacional e Industrial (VIII MACI). La Plata, Argentina (May 2021). Co-chair.
- *Simposio argentino de informática industrial e investigación operativa* (SIIIO 2020) within the XLIX Jornadas Argentinas de Informática (49 JAIIO). Buenos Aires, Argentina (October 2020). Co-chair.
- *Simposio argentino de informática industrial e investigación operativa* (SIIIO 2018) within the XLVII Jornadas Argentinas de Informática (47 JAIIO). Buenos Aires, Argentina (September 2018). Co-chair.
- *MIP@AR 2018 – Tercer workshop argentino de programación entera y combinatoria poliedral*. Buenos Aires, Argentina (May 2018). Co-organizer.
- *MIP@AR 2016 – Primer workshop argentino de programación entera y combinatoria poliedral*. Buenos Aires, Argentina (April 2016). Co-organizer.
- *Simposio de investigación operativa* (SIO 2014) within the XLIII Jornadas Argentinas de Informática (43 JAIIO). Buenos Aires, Argentina (September 2014). Co-chair.
- Session *Investigación operativa y aplicaciones* within the IV Congreso de Matemática Aplicada, Computacional e Industrial (May 2013). Co-chair.
- *VI Latin-American Algorithms, Graphs, and Optimization Symposium* (LAGOS 2011). Bariloche, Argentina (April 2011). Co-chair.
- *Segundo Seminario de la Red Latinoamericana “Optimización discreta y grafos: teoría, algoritmos y aplicaciones”*. Buenos Aires, Argentina (June 2010). Organizer.

- *Seminario/Taller de la Red Latinoamericana Prosul - Optimización discreta y grafos: teoría, algoritmos y aplicaciones*. Buenos Aires, Argentina (May 2009). Organizer.
- *IV Latin-American Algorithms, Graphs, and Optimization Symposium (LAGOS 2007)*. Puerto Varas, Chile (November 2007). Member of the organizing committee.

G.3. Participation in professional societies

- Representative of the Argentine Association of Informatics (SADIO) before the Latin-Iberoamerican Association of Operations Research (ALIO), since 2015.
- Correspondent for the Argentine Association of Informatics (SADIO) and for the Latin-Iberoamerican Association of Operations Research (ALIO) before the International Federation of Operational Research Societies (IFORS), since 2018.
- Member of the Argentine Association of Informatics (SADIO) since 2006.

H. Outreach activities

1. General organizer of the “Escuela de Ciencias Informáticas” ECI 2013 (School of Sciences, University of Buenos Aires).
2. Regular participation in talks for prospective computer science students at the National University of General Sarmiento (2010–) and at the University of Buenos Aires (2006–).
3. Participation in 19 journalistic pieces, 9 interviews in radio and television, and 5 university PR pieces involving divulgation of operations research techniques.

I. Personal information

- Born March 12, 1976 in Buenos Aires, Argentina. Married, two children. Argentine citizenship.
